

Press Release:

LAKESIDE CURATIVE SERVICES AWARDED STATE SEASONING CONTRACT

Lakeside Curative Services, Inc. (LCS) is excited to announce that they have been awarded the State Seasoning contract from the State of Wisconsin Bureau of Procurement working through the State Use Program. LCS will provide seasonings to all State agencies throughout Wisconsin.

The Wisconsin State Use program is all about creating employment and training opportunities for people with severe disabilities, empowering them to lead more productive and independent lives. Its primary means of doing so is by requiring State agencies to purchase selected products and services from nonprofit organizations employing such individuals.

In 2008 LCS partnered with JCB flavors, located out of Sullivan, Wisconsin, to sell and package over sixty-five spices and blends. LCS has been approved and licensed by the Wisconsin Department of Agriculture as a Food Processing Plant. This new service division will also open up the door for LCS to provide similar services to other companies that require a similar environment.
